About H&F Apparels

WHO WE ARE

H&F Apparels (Pvt) Ltd is based in the Textile Capital of Karachi, Pakistan. We operate a vast network of textile trading and garment manufacturing, specialised in uniforms with our own stitching units. A highly professional management and technical team, working to a standardised system, keeps us in a continuous process of expansion, enhancement and adoption of the latest technological innovations, so customers receive the best possible quality in home, fashion and uniform fabrics.

OUR JOURNEY

Our stringent commitment to global standards of quality has seen us grow phenomenally over the last decade, creating a niche of our own in highly competitive world markets. H&F Apparels has become one of the most innovative and leading textile producers, with technical perfection, quality standards and innovative impact that are unique.

OUR VISION

"To attain market leadership through unmatched quality, a diverse and unique product mix, empowered employees, world-class systems, and the highest ethical and professional standards."

MESSAGE FROM THE C.E.O.

Quality and timely delivery remain the veritable password of the company. Everything the company has achieved, and continues to build today, is derived from its commitment to quality and its endeavour to bring all processes of production integrated under its ambit. We don't have one single strategy to compete against so many and so diverse rivals, but most of our strategies boil down to a single sentence: we always strive harder to satisfy our customer's requirements. Our commitment to service and quality, our leadership of the markets in which we participate, and the results: the satisfaction of our customers, our success, our growth.

1 Quality First

Standardised systems and in-house stitching units

2 On-Time Delivery

Timely delivery is our company password

3 Customer Focus

We always strive harder to satisfy your requirements
